

Madrid Agreement and Protocol Concerning the International Registration of Marks

Amendments to the Common Regulations under the Madrid Agreement and Protocol

1. At its forty-eighth (28th extraordinary) session, which took place in Geneva from September 22 to 30, 2014, the Assembly of the Madrid Union adopted a new rule and other amendments to the Common Regulations under the Madrid Agreement Concerning the International Registration of Marks and the Protocol Relating to that Agreement (the Common Regulations) that will enter into force on January 1, 2015.

New Rule 5*bis* and amendments to Rules 20*bis*(3) and 27(1) of the Common Regulations: Continued Processing

2. New Rule 5*bis* of the Common Regulations will provide for continued processing where an applicant or holder has missed certain time limits.
3. Continued processing will be available only with respect to time limits concerning:
- (a) an international application, under Rule 11(2) or (3) of the Common Regulations;
 - (b) a request for the recording of licenses, under Rule 20*bis*(2) of the Common Regulations;
 - (c) a subsequent designation, under Rule 24(5)(b) of the Common Regulations;
 - (d) a request for the recording of a change or cancellation, under Rule 26(2) of the Common Regulations;
 - (e) payment of the second part of the individual fee, under Rule 34(3)(c)(iii) of the Common Regulations; and
 - (f) a request that an international registration continue its effects in a successor State and the payment of the fees related to this request, under Rule 39(1) of the Common Regulations.

4. Continued processing can be requested within two months from the expiry of the time limit concerned, by presenting the new official form MM20 (see Annex III) to the International Bureau and upon the payment of a fee of 200 Swiss francs. Along with the request, the requirements in respect of which the time limit concerned applied shall also be complied with. Continued processing cannot be requested before the relevant time limit has expired.
5. A request for continued processing that does not meet the previously mentioned requirements shall not be considered as such and the International Bureau will notify the applicant or holder accordingly.
6. The International Bureau shall continue to process the international application, subsequent designation, request or payment in respect of which a request for continued processing has been received in order. The International Bureau will record this fact in the International Register and notify the applicant or holder accordingly.
7. Following the recording of continued processing, licenses recorded under Rule 20*bis*(3) of the Common Regulations and changes and cancellations recorded under Rule 27(1) of the Common Regulations shall be recorded with the date on which the time limit to comply with the corresponding requirement expired.
8. Continued processing may be requested where the time limit to comply with the concerned requirements expires on or after January 1, 2015.

Amendments to Rule 30 of the Common Regulations: Details Concerning Renewal

9. Amendments to Rule 30 of the Common Regulations will change the manner in which an international registration is renewed.
10. Following a decision recorded under Rule 18*ter*(5) and without any further instruction from the holder, an international registration will be renewed only for the goods and services that are effectively protected, if any, in respect of the designated Contracting Party concerned.
11. The holder may still use form MM11 (see Annex IV) to request the renewal of an international registration. The holder must indicate, in item 3 of this form, **all** the designated Contracting Parties in respect of which the international registration shall be renewed by ticking the boxes corresponding to those Contracting Parties.
12. The holder may still choose to renew an international registration for all the concerned goods and services in respect of a designated Contracting Party where protection to the mark has been totally or partially refused. This may be necessary where the outcome of further proceedings in that Contracting Party is still pending.
13. Where protection to the mark has been totally refused in a designated Contracting Party and the holder wishes to renew the international registration in respect of this Contracting Party, he must indicate so in item 3 of form MM11 by ticking the box corresponding to the designated Contracting Party concerned. The registration will be renewed for all the concerned goods and services in respect of that Contracting Party.
14. Where protection to the mark has been partially refused in a designated Contracting Party and the holder wishes to renew the international registration for all the concerned goods and services in respect of this Contracting Party, he must indicate so in items 3 and 4 of form MM11, by ticking, in both items, the boxes corresponding to the designated Contracting Party concerned.

15. The way in which a holder chooses to renew an international registration will have an impact on the amount of the renewal fee due in respect of a designated Contracting Party that has made a declaration to receive an individual fee, where this individual fee ought to be calculated taking into account the number of classes of the International Classification of Goods and Services (the Nice Classification) for which renewal is sought.

16. The amendments to Rule 30 of the Common Regulations apply to international registrations for which renewal is requested on or after January 1, 2015, and for which the said renewal is due on or after that date.

Amendments to Rule 31 of the Common Regulations: Recording of the Renewal; Notification and Certificate

17. Amendments to Rule 31 will provide for the sending of a notification to the holder and to his representative, if any, where an international registration has not been renewed or where it has not been renewed in respect of a designated Contracting Party.

18. The amendments to Rule 31 of the Common Regulations apply to international registrations for which renewal is due on or after January 1, 2015.

19. The amended text of the Common Regulations and the Schedule of Fees is reproduced in Annexes I and II.
